OhioHealthy Network

**More of what you need.
Less of what you don't.**

Better Integration

The OhioHealthy Network is designed to provide exceptional care where you need it most. Our unique integration with OhioHealth offers your employees access to quality care at substantially lower cost. Bringing provider and plan together maintains high quality care, reduces waste, and reduces cost.

Better Access

The OhioHealthy Network is a collective of OhioHealth Physician Group and independent providers, hospitals and facilities working together to transform healthcare in Ohio. The network includes over 70 hospitals and more than 14,000 Ohio providers including the OhioHealth Clinically Integrated Network (CIN), Central Ohio Primary Care (COPC), Nationwide Children's Hospital and the Cleveland Clinic.

Better Care

Physicians and hospitals in the OhioHealthy Network are rewarded for quality, efficiency, keeping people healthy, and improving the health of people with chronic conditions. Our providers work together to coordinate care and share data that helps them provide the right care at the right time.
